COMMISSIONERS NOTE:

These kicking rules are intended to encourage and develop a better kicking program for our youth. I am asking all of our coaches to teach the fundemementals of kicking and punting to include proper stances even though there is no contact on the line.

Things such as holding position, releasing, going to a lane on the punting team and dropping back and forming a wedge on the receiving team need to be taught

5 seconds is plenty of time for our youth to (even bobble or drop a snap) get a kick away. Help them to relax and focus on the ball...They're not going to get hit!
